

EDUROAM configuration

<https://cat.eduroam.org>

Apple devices: just connect to WI-FI

LOGIN: name.surname@studenti@unipd.it **PASSWORD:** the one used for your UNIPD e-mail

*if you have any trouble you can contact IT office (Pentagono Building) to install the eduroam® installer (MacOS).

Microsoft Windows devices: contact IT office (Pentagono Building) to install the eduroam® installer.

Android devices:

- 1) Connect to <https://cat.eduroam.org/> using your mobile data.
- 2) Click "Click here to download your eduroam® installer".
- 3) Select "Italy" and then "Università di Padova".
- 4) Choose the correct Android version (the one installed on your device) and click on the blue box to download it.
- 5) Install the app "EduroamCAT" available on Google Play Store.
- 6) Enter the app, click on the top left to connect to the homepage. Click on the three dots on the top right and then on "Select the configuration file".
- 7) Select the file "eduroam-android_...-config" and click "install".
- 8) Enter your login and password (your UNIPD email address and password) and click "install".

If you have any trouble you can contact IT office (Pentagono Building).
