

In the SIT section of the University's website, an on-line procedure to fill in the Self-certification to access University Buildings is available to all staff members. It is recommended that all staff members use this procedure, as it allows the director of the facility to monitor the number of access requests. The on-line procedure also allows the self-certification to be made only once. Upon access to the buildings staff members may be required to show the self-certification. It is therefore recommended they save or print the pdf file produced at the end of the procedure and take it with them.
