1. EDUCATIONAL OFFER

1.1 EDUCATIONAL OFFER

<http://en.didattica.unipd.it/>

In the **Educational offer** page you can find all the information about your course: just select your academic year > Second cycle degree courses > School of Agricultural Sciences and Veterinary Medicine > FOOD AND HEALTH

Once you selected your degree programme, you will find all the available information about each **Course Unit**, such as the educational aims, the syllabuses and the lecturers' names (as well as their email address contact)

<http://www.agrariamedicinaveterinaria.unipd.it/food-and-health>

Italian Universities use the **European Credit Transfer and Accumulation System (ECTS)**.

1 ECTS = 1 CFU (“*credito formativo universitario*”) = 25 coursework and workload hours.

<http://en.didattica.unipd.it/>

STUDY PLAN

Your **Study Plan** is the detailed overview of activities to be completed in order to achieve your degree.

<http://www.agrariamedicinaveterinaria.unipd.it/en/current-students/studying/study-plan>

You must fill out your Study Plan in Uniweb after the enrolment. Before doing so, it might be useful to consult with the Tutor Junior of your School.

Exams can be:

- **mandatory** - they will be automatically selected by the system.
- **elective/surplus credits** – **elective** exams must be chosen among the exams included in the curriculum of your degree programme; **surplus** credits are optional exams which allow you to acquire extra credits (in addition to the total amount of credits required to obtain your degree qualification).

1.3 KEY ACADEMIC DATES

Academic Year 2023-2024 calendar

<https://www.unipd.it/en/key-academic-dates>

1.4 LECTURES TIMETABLES

For information about your timetable and the teaching mode, check the Student's Web Agenda of the University of Padova

http://agendastudentiunipd.easystaff.it/index.php?view=home&_lang=en

UNIVERSITÀ
DEGLI STUDI
DI PADOVA

2. FOOD AND HEALTH

School of Agricultural Sciences and Veterinary Medicine -
Department of Land, Environment, Agriculture and Forestry

LM-61 - Nutrition

Two years

120 Credits (CFU)

English

**Attendance is not compulsory
but it is HIGHLY recommended**

2.1 FOOD AND HEALTH PROGRAMME STRUCTURE

120 ECTS – 2 Years

12 Course units

First year, first semester	ECTS	First year, second semester	ECTS
Course units		Course units	
1A - Food science and safety	12	Ecology of foodborne pathogens, food toxicology and antimicrobial resistance	10
1B - Nutrition and metabolic pathways: from cells to organs	12	Sustainable resource-efficient food production and processing	7
Genomics of Nutrition	6	International regulations for food safety, certification and trading	6
Communication skills	2	Mechanisms of tissues diseases and how environmental clues alter organ function	8
Food microbiota, human microbiome, plant bioactive compounds and food quality	12		
Second year, first semester	ECTS		
Course units			
Research methods in economics: understanding decision making and consumer behavior to promote healthy choices	8	Theoretical & practical training	
Quality control and data analytics in food production	6	Elective courses	8
Nutrition-related diseases	10	Master Thesis	15
Human Nutrition: sustainability and multidisciplinary perspective	10	TOTAL	120

Among the **mandatory courses**, the following (so called “entry level courses”) are alternative, that is you must pick one of the two. This is designed to fill potential gaps, given the heterogeneity of educational background of students:

- **Food science and safety (Food safety hygiene and microbiology + Food chemistry and technology)** → you should choose this course if you have a bio-medical background (ex. nutrition, biology, medicine, pharmacy, etc.);
- **Nutrition and metabolic pathways: from cells to organs** → you should choose this course if you have an agri-food background (ex. agriculture, food technology, veterinary, etc.).

2.3 ELECTIVE COURSES

Each student must include in the Study Plan a minimum of **8 elective credits** (up to a maximum of 15 credits), chosen from **the available courses (in English)** in the whole offer of the University of Padua, provided that these credits **are consistent with the student's study programme**.

A few examples of possible elective courses:

- **Entry level courses** [the one not attended!]
- One of the courses in [M.Sc. Sustainable Agriculture - Italian Food & Wine - Forest Science](#) - [Biotechnologies for Food Science](#) [Please note that the Study Plan will not be approved if the elective courses have the same contents of your mandatory courses].
- [Industry & Community Project \(ICPU\)](#) - University of Sydney (6 ECTS) [provided that you pass the selection process].

For further information, please check also the programme [Moodle page](#).

Terms (classes):

1st term 02 October 2023- 20 January 2024

2nd term 26 February 2023 – 15 June 2024

As for the timetable, please check the [App OrariUniPD](#).

Exams will be at the end of each term, within the following periods:

22 January 2024 – 24 February 2024

17 June – 20 July 2024

19 August 2024 - 21 September 2024

Please remember that our grading system is expressed in thirtieths
x/30:

Min. **18/30** (pass)

Max. **30/30** (excellent) -30/30 e lode ('with honours')

How to sign up for exams?

To sign up for exams, you have to **Log into your Uniweb profile**. The whole procedure is explained in the **Guidelines of the School, here**.

How to refuse or accept a grade?

After your exam, you'll receive an email which informs you of the grade you obtained. If you are not satisfied with your results, you'll have the opportunity to reject the grade within seven days, through your Uniweb profile.

Please note that **if you do not reject your score, on the eighth day it will be considered as accepted**.

2.6 HOLIDAYS/VACATION DAYS

University classes are suspended during Christmas holidays, Easter holidays and Summer vacation:

- Christmas: 23 December 2023 - 7 January 2024
- Easter: 29 March - 02 April 2024
- Liberation day: 25 - 26 April 2024
- Labor day: 1 May 2024
- Patron Saint of Padua: 13 June 2024
- Festa Giustiniana: 14 June 2024
- Summer vacation: 5 August - 17 August 2024

2.7 FINAL EXAM (THESIS DEFENSE)

Your thesis defense represents your final exam (15 ECTS). You will be asked to present it in front of a Committee of Examiners, composed of at least five Unipd academics.

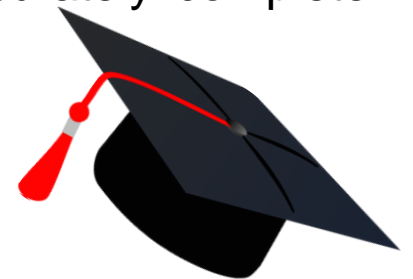

At Unipd, there are five graduation periods: February, July, September, October, December. Please check the AMV School website for dates and times:

<https://www.agrariamedicinaveterinaria.unipd.it/en/current-students/graduation>

The thesis must be written and defended in English language but prior to the defense, your work must obtain your Supervisor's approval.

Drafting your thesis can take some months. Moreover, the administrative process requires some steps to be done by undelayable dates: please check the AMV School website and make sure you have enough time to accurately complete your work.

Your final Degree Title will be “Master of Food and Health”.
